**WILL GET AN UPDATED FINANCIAL  
 AFTER JULY SHOW AS SEVERAL REFUNDS WERE SENT**

## **PRESIDENT'S MESSAGE**

**Boy, this show season has already been a mess! Due to the EVH-1 Outbreak at the Golden Spike earlier in May, we rescheduled our show for this coming July 2-3 (only 2 weeks away!). Thank you for those who are still planning on attending (sorry we lost a couple of you to previous plans). This show will still be a success! So be sure if you are thinking about coming, to get your entries in the mail (will not charge late fees). We have tons of nice door prizes, great judges and new jumps to show off to everyone! Amy is handling the youth royalty. So if you have questions, please be sure to contact her. If you would like to help out at the show in any area, please contact me. I'm sure I can find a job for you! 😊 Remember we still have club shirts and mugs with our logo on them. Dixie is handling all those sales and also number sponsorship sales. We hope to see everyone in 2 weeks! Good luck to those heading out to shows this summer!**

### **AREA ONE**

M-MINIS RANCH: Things are going great here and I am trying to catch up on things that I put off while it rained. I thought it was never going to stop! My horses are doing great and I have started clipping and cleaning them up a little. I have a mare I thought was due in July but when I was feeding I noticed her teats were down and a little parted and so instead of just a belly shave I went the whole body and it sure felt good for me and I am sure she loved it. It was a pasture breeding and so the vet and I could be off. My 2 month old filly is doing great and follows me everywhere and even into the tack! I counted the other day and there she was in there with me and the 2 dogs. The one dog was grooming her eyes and face. So funny. My 2 pregnant pigmy goats are just

getting fatter and I am so anxious for the babies to get here. I have been doing a little tractor work and smoothing out some ground that had a lot of ruts from the winter. Still have to get DNA on the mares and I keep putting it off. I need to get off my butt. I need them to register the babies! Other than that I have been dating and not spending as much time at home as I should to get things caught up!! Fun times though. Hope all the other shows are not canceled because I am getting so anxious for them to start and to see all my horsey friends. I hope all is well and you are enjoying the warmer weather like I am. Keep safe and hope to see you all soon at the horse shows. Good Luck to all!

JANET

Here I think summer is here and then comes more nasty weather. And on top of it, I have managed to catch a cold. Really...June? Anyways, I won't let that get me down! Chase and I are headed to Caldwell, ID A/R show on the 18th. Be our first show of the season and I'm excited. Got a new road buddy for this trip. So I'm sure I'll corrupt her soon enough! Hahahaha!!! So if anyone needs anything hauled, please get with me ASAP. Will charge cheap transport. Then we have an A show that following Saturday and then the MWMHSPO show in July, week off and up to Blackfoot we go. Talk about hitting the show season in full force? I think Chase may think I'm nuts soon enough. He's doing obstacle this year. Not sure how we'll do as he tends to be bullheaded about new jobs the first year. Our ground tie may turn into a liberty class. 🏆 But A for effort at least? Bugs got shoes on a week ago and is ready for his driving/halter classes. We're hoping to get our HOF this year in halter. He has the points, just needs the wins. So I'm excited about that. Other than that, we are so not exciting. Work is basically it. Mike got some curbing poured at our house to finish off flower beds. Looks nice. Now he gave me the task of planting this huge island style bed. Not sure where I volunteered? Oh well. Starting to look nice. Carver got accepted into the Upstart program for this fall. It's basically a home school preschool program through the state. So I think he'll really like that. We hope to see everyone at the shows this summer! Check out my sales page. I have a nice A/R gelding available. Picked him up as a project horse and just got busy. He has ~45 days driving training on him already and is doing great. Great mind for training. A little toning and he can be back in the show ring. I also have a spot open for basic driving training. Contact me for more info. <http://www.rhinstoneminatures.com>

MIKE, KERI & CARVER

**DoubleDay Farm-** Things here are going well, Summer is trying to be here. I've been busy with mowing pastures and weeding flower gardens, trying to get caught up after all the rain. We replanted our vegetable garden a 3<sup>rd</sup> time, not sure we'll get much off of it but I couldn't stand the thought of not having fresh veggies!!

Preparing for our Alaskan Cruise, we won't be here to attend the July UT. show ☹️ Will miss you all but hope to see you in Blackfoot. Taking my new camera with us and hope to have fun photos to share.

Tag is doing great with Lori G. up in WA. She took him to the Area 8 show this last weekend where he did very well. He won his Liberty class, 21 entries... and did well in all his other classes too bringing home Top 5's and Reserve Senior and Res.Grand Gelding. I am so proud of him. Can't wait to see him in action at the Blackfoot show. I'll either take him home from there or make arrangements to get him from a later MT. Show or Nationals. Shooter and Uno are doing well on the cart. They'd be doing much better if I'd get out there with them more often. Just don't have the energy and drive this year for the show scene. Hoping I'll get feeling better as the weather is nicer.

Pheasant Run – Please stop raining!! It could SNOW and that would be so much nicer! Have been having an unusually WET time of it – ended up in tornado ally in OK in April – show stopped for a run to the shelter, went up to Seattle by-way-of Vegas – almost ended up in Vegas for 9 hours – jumped on another plane – luggage didn't get there until the next o-dark-thirty morning; it was a great show with great horses-and it rained.....; but hey – got live country rock band NY steaks, and cake on my b-day so – all was good; just got home from Ohio – green green – trees! and why of course – it Rained! Not to be outdone – i had to pull off the road with other travelers due to torrential rain – and OH YES – was that a tornado in OHIO?? -- but another great show – great weather – 152 horses and ponies – made new friends and got to see many we only see in Tulsa. Our next adventure is off to LA to put on the Area VII National Show – we had a blast there last year – the people are wonderful and the weather couldn't be better in CA. After CA its onto Iowa and the Shetland Congress – VERY excited about that show (and hoping it rains!!) LOL what a difference the weather makes when your showing or judging (of course covered arenas are always an A+).

## AREA TWO

**News from Desert Rose:** We got news today that our 2 mares back in Kentucky are vet-checked in foal to Double Destiny. We're hoping to have them back home by the end of July - fat and pregnant! Things are quiet here in Price - just foaling out a couple of mares for friends but don't think we'll have any baby news for awhile. We hope that the Utah shows aren't hurt too much by the outbreak of the Equine Herpes Virus...no problems from Central or Southern Utah but I know that people are being very cautious. I've got to go in tomorrow for a CT Scan to make sure that everything is okay after my pancreatitis - I'm sure not looking forward to the barium dye stuff they make you drink, but I am looking forward to a good outcome. Hope everyone is well and enjoying their four legged friends. Tom & Linda

## AREA THREE

Greetings from the Bailey Ranch! Finally ... I think the sun might stick around for a few days, however, my back yard had been substituting for pasture this spring with all the rain! No babies this year, but my old mare Misty and Wicoma should be proud parents next year. Getting ready for the 3rd Extreme Driving competition on Saturday. Misty has won the first two, we'll see if you can make it 3 of 3! It's so much fun, you should all come down and give it a try! Busy summer planned for me, K-Louise and the critters; fairs, open shows, 2 parades, and 3 more Extreme Driving competitions! Looking forward to the July show ~ See you all there! ;)

~Pam

## AREA FIVE

It's been a rough pony year for us. Our great little Foundation Pony S&T Creme de la Creme is having some lameness issues and we are working with vets to try and get him fixed back up. Therefore, we have cancelled our trip to Congress to make sure we can do everything possible for him to get him better. I guess that means that the horses get to go to work earlier this year, and those ponies standing in the pasture waiting to get started will be back in soon. However, I cannot complain as our yearling MP Colt 'Undeniable' (who is for sale) stood up well against the aged horses at PacCrown, and our 3 year old Harness Stallion 'Tuff Company' made a stellar debut at PacCrown - far out performing any of my expectations. So no complaints, just need to get our little pinto buddy feeling well again. We are considering heading down to Ogden over the 4th since congress is off, can transport ponies we have for sale at no cost to the buyers.

MAMIE

**TINY ACRES** - I had to have my knee scoped and I found out that I need to have a knee replacement done also. I told Dr that he had to get me through the summer on it. He said he thought he could. **Aint getting old great.** It is amazing what modern science can do now. I get that done and I will be in great shape. I'm doing very well. I can almost walk now so between the scoping and the pain pills I should be able to show this year. I would really miss it if I couldn't show. I could still come and watch which would be fun also.

Having my knee scoped has slowed my training down this year. We will be showing Jake and Dunner. I'm looking foreword to meeting everyone this year. Hope everyone has a great show season.

**Tammi has some fun things planned for the Blackfoot show. July 15&16. Our theme this year is DOWN ON THE FARM. Hope everyone can come. I think we will have a ball. Tammi will be send out e-mails to let you know what we are doing.**

Kona seem not to be feeling good this year. Nothing I can put my finger on. He is just not right. We might have to the Blackfoot retire him this year. We still can drive him at home and others can drive him here. He will become our mini ambassador for our farm so he will still have a life

We only got one foal this year but he is a keeper. Because we lost Alero. We are keeping him to replace Alero. He has Dunner (his sire) personality and his good disposition so. He should be easy to train. He has nice conformation also.

Your Mini Friend, KAREN

**News from Lilac Meadows Miniature Horses:**

It's hard to believe its June already. Of course it feels like April. It's about 6 weeks to the **Western Montana Miniature Horse Show** (& Ponies) in July and I hope some of you have time to come. It's going to be a great show with Roger Eitel (Nationals Judge), Tim Parkinson and Steven Hatch. It is a large all-indoor arena with big 10 x 10 horse style panel stalls. The show premium book is on the website: <http://lilacmeadowsminihorse.com>, plus information about the show hotel and sponsorships. As usual we can always use class sponsorships. The arena was closed since the equine herpes outbreak and opened up for the Treasure State show last weekend. There won't be any "big horses" there between that show and the show on July 23 & 24 and there haven't been any cases in Montana. If you have any questions at all about the show please don't hesitate to call or e-mail: [lilacmeadowmini@blackfoot.net](mailto:lilacmeadowmini@blackfoot.net) - 406-240-8159.

The **Tack Shop** is having a big inventory reduction/clearance sale as there are product lines I'm not going to carry anymore and other items that I'll just carry as drop ship orders. I also just ordered some more busy snackers and those are available for \$30. Most of my in-stock inventory is listed online and I will try to get the clearance prices updated quickly along with pictures of some items that just haven't made it onto the website. If you coming to Kalispell, Deer Lodge or Great Falls deliver is free. I might be able to arrange delivery to the Utah and Idaho shows depending on when you place your order.

My minis did a great job for me at the Treasure State show in Deer Lodge last weekend. Rhett finished his Hall of Fame in Roadster and he is now a triple HOF driving horse. He also won a reserve champion aged gelding which at 12 made me very happy. Jackie had an incredible day Sunday. She won her halter classes and finished her Halter Hall of Fame. Then in 9 almost back to back driving classes won all her classes except 1 second place and got two stakes wins in Country Pleasure and two stakes wins in Roadster. She made us all laugh because she would rest her head on her check and fall asleep in the line-up. After all that when we un-harnessed her in versatility she was bursting with energy when it was time to set up for halter.

Finally we are working hard on getting our house ready to sell and getting our plans and budget shopping done for our new house. We should be closing on the land any day and we plan to break ground in August. I'm looking forward to flat land to drive the horses on and the miles paved walk/bike trail to take them out on.

Hope everyone has a great 4<sup>th</sup> of July weekend and good luck if you're going to the Idaho, Utah or Montana shows in the next few weeks.

~Julie Kimmey

**June 24,25,26 – Area 7 National Show Burbank CA**  
**Judge – Cathy Brubaker (2011 Congress & Nationals Judge) Short 10hrs from Ogden!**  
**July 2 & 3 – rescheduled Memorial Show Ogden, UT**

**July 23,24....Deer Lodge, Mt. contact Julie Kimmey**

**August 4,5,6.....TSMHC Great Falls Fair Show**

## **CLASSIFIEDS**

**Undeniable by Design** - Yearling ASPC Shetland Colt. \$2500 If you want to get your feet wet in Modern Pleasures, and possibly looking for a herd sire, this colt is for you. This colt screams Look At Me! He is super upright, trots near level right now with little plates. Super open and elegant movement - super halter and driving prospect. He is in tack, lining well, and started him in the bridle. Will show him next weekend in halter. His sire is Congress Champion Modern Halter and Fine Harness, and a Congress Champion/Pony of the Year producer. See pics and video online. He is in lines, trots level now without being pushed. Attended the Pacific Crown show and demanded attention everywhere he went!

<http://equinesbydesign.net/poniesbydesign/undeniable.html>

**Rock-A-Doo WAH** - ASPC Broodmare. \$500. She has produced 3 babies for us, all of which neck up naturally and have really open movement. They have all been very trainable and have the desire to work. She is a material 1/2 sister to multiple congress champion and multiple Pony of the Year ASPR Road Pony AGS Lucky Lolita, who is owned and shown by Erika Carlson. My kids handle this mare, she breeds easy, runs to you in the pasture. She will produce your super fancy classic to Modern Pleasure Driving ponies easily, possibly Road Ponies depending on what you breed to. We have just too many to show at this time and are cutting out the breeding side of the farm. See pics at

<http://equinesbydesign.net/poniesbydesign/rockadoo.html>

Due to canceling our congress trip, we may be headed to Ogden in July, and could provide transportation at not charge.

*FOR SALE 2002 AMHR Gelding. Buck On's Dancin in the Dark (Mark) is a very gentle broke to drive gelding. He is incredibly sweet, very honest – and not so hard working. He's on the chubby side . . . ok he's really fat. He is a son of Little Kings Buck on Broadway. He is solid black – very correct – but not any too refined. I'd like to sell him with his Mose Miller Harness (with girth extension). I'm asking \$1200 for horse and harness. For more information and pictures please call Tami at 307-789-0684 or email [tandt@allwest.net](mailto:tandt@allwest.net)*

**Jerald Runabout for sale, horse size with 88" shafts and I "think" 24" wheels. It is brand new. I bought it 3 years ago and received it the day after my horse injured her knee. So it's been covered in my garage since. I'm asking \$600.**

**G&S Trail Cart. This is a NICE cart that has been hitched one time. It has 62" shafts, 24" solid wheel – and again, it's been stored indoors and is in perfect condition. I'm asking \$950.00.**

**Wilform Pony show cart. This is an older cart that has been reconditioned and looks great. It has 66" shafts and 24" wheels. I'm asking \$1000.00. All the carts are located in SW Wyoming.**

**For more information and pictures please feel free to email me at [tandt@allwest.net](mailto:tandt@allwest.net)**

2 year old gelding. AMHA/AMHR was trained a couple of weeks, and shown in 3 shows in 2010 and he received a Reserve Grand Champion Yearling Stallion. He is very intelligent and learns fast and is willing to please. Would make a great youth project or for an amateur. He is a golden Sorrel/White pinto like others in the BOND SNIPPET bloodline. No mean habits. Asking \$1200.00/consider offers. Contact Janet at [m-minis@comcast](mailto:m-minis@comcast) or 801-920-3208
